Over 2,000 Democratic Precinct Election Boards, 110 Democratic Comity Election Boards, and a solidly Democratic State Election Boards-erey one the creation of Mr. Goebel or his agenta—certified to the follow-ing vate cast at the election held in Kentucky on Tuesday, November 7th, 1800—

William S. Taylor.... 193,714 William Goebel...... 191,331 Taylor's Plurality. 2,383

THE Goebel Law is the most fitting monument that GOEBEL could have.

It is now in order for the conspira-ors to "hang TAYLOR." They have dready "damned the Republican arty" until their voices have grown

THE proceedings at Frankfort, "under the forms of law," have been of such character as would have dis-credited the Star Chamber in its palmiest day.

THERE is in Kentucky today only one kind of law, and that is the Goebel Law. Whatever it provides is right, and whatever any other law pnovides is wrong.

WONDER how the conspirators pr WONDER how the conspirators pro-pose to capture Governor TAYLOR if he refuses to trek into their camp and surrender? Judging from Governor MOUNT's position in the case of Hon. CHARLES FINLEY, Mr. TAYLOR will be perfectly safe among the kopies of Loddana.

THE Court of Appeals doesn't ap-ear to be in much of a hurry in deciding the contest for the minor offices at Frankfort. The whole matter has at Frankfort. The whole matter has been postponed till September. Mean-while, Kentucky will try to get along with a Pretending Governor and a pair each of all the other officers. Kentucky always was just a little ahead of any other state.

The esteemed Cincinnati Commercial Tribune thinks the proceedings in Judge CANTRILL'S Court in regard to the Taylor indictment are "an insult to the Judiciary and a disgrace to Kentucky." Hold on, neighbor; Kentucky," Hold on, neighbor; your remarks might apply in Ohio, but since TOM CAMPBELL has assumed command in Kentucky there can be no further insults or greater disgrace coming this way.

Or course, everything that has been Or course, everything that has been done by the Goebelites at Frankfort has been done "according to law." In Kentucky when the Grand Jury finds an indictment against a person, the indictment must be returned in open Court by the foreman of the Grand Jury and entered upon the record by the Circuit Clerk, the original parsers held in the officer of the court of the cou Grand Jury and entered upon the record by the Circuit Clerk, the original papers being filed with that officer, and ordinarily subject to examination by any well behaved American citizen, and most certainly by the Attorneys of the accessed. Yet it appears that the late Democratic Grand Jury at Frankfort found an indictment against Governor William S. TAYLOR, and that none of these plain statutory provisions were observed. The whole proceeding was conceased from Tay-LOR and his Attorneys and from the public, and every application for information fell upon ears that were deaf. Thursday morning Judge Cax-TRILL, who presides over the Franklin Circuit Court, directed that a bench warrant issue against Governor Tay-LOR, based upon an indictment charging, him with builty accessors. warrant issue against Governor Tay:

UR, based upon an indictment charging him with being accessory to the murder of GOBERL! Of course all this is "according to law"—according to Democratic law, or more properly perhaps, according to the Goebel Law. The days of the Star Chamber have come again, and this time in Kenthey.
